Racing Biography
I have finished in the top five in points many times. I have even finished 2nd one year. Came close to the championship but lost by a few points. I have raced at CNS for many years, but I have also traveled to check out a couple of different tracks. I was given a Sportsman of the year award from Eric Blackard last year. I have a new car and I hope to win it all, and get into the winner circle.

Favorite Sprint Cup Driver?
Dale Earnhardt, Dale Earnhradt Jr. I like JR because he is little E and I have always followed him.

Personal Hero?
My father Jack Hunt, We built our drywall company together, and have been through it all. He is always working on my car and never stops. Thanks Dad!

Superstitious?
No chocolate chip cookies or fried chicken, in the pit area!! We ate them one night and smacked into the wall. Now they are banned. I pick up Penny's they are a sign of good luck and I always pick one up if I see it. I actually have one tied to the back of my seat. In the morning of the race I like to be by myself to think, and get ready. Before each race I also take a little nap in the staging area.
