(Dacono, January 11, 2012)-

We at Colorado National Speedway would like to get the CNS registered racers more involved in the decisions made regarding rule changes that directly effect each and every division.

With assistance from our great web team, we're streamlining a polling process that will allow every driver to vote on various rule changes and policies. In order to make this system a reality we need every driver to email the following info to brian@coloradospeedway.com:
Name:
Division(s):
Car Number:
email address:

If we do not have your email on file, you will not be able to participate in the polls.

When a new regulation/policy/rule is being decided, we will post an announcement about the upcoming poll at http://coloradospeedway.com/tech. The poll itself will be conducted on a neutral 3rd party site. If the question is relevant to your division, we will email you a link to the poll. Simply click on the link in the email and vote. (Be sure to check your spam folders for these emails).

You will have 3 days from the day the email was sent to cast your vote. After 3 days the poll will be closed and tallied. NOTE: This is not a democratic voting process. The purpose of the poll is to gauge driver's opinions and assist us in the decision making process.

MAKE SURE TO CHECK THE CNS TECH NEWS OFTEN BETWEEN NOW AND THE TRADE SHOW (AND ALSO THROUGHOUT THE 2012 RACING SEASON).

Again, if we do not have your email address you will not be able to participate.

Thank you for your support and input.
